**PURPOSE:**

To approve Resolution 23-151 to approve purchase of a Kubota KX80 Mini-X from Columbia Kubota of TN through Sourcewell vendor which the City is a member.

**BACKGROUND:**

The City of Spring Hill Water Distribution currently has one Mini X for the entire distribution system. With the growth of the City, it is becoming increasingly difficult to complete necessary routine maintenance with one mini-x and/or borrowing equipment from other departments. The purchase of this equipment will provide for much more effective use of city staff time and resources.

**FINANCIAL IMPACT:**

This will be funded from FY 2024 budgeted funds at a cost of \$108,760.15 from Columbia Kubota through Sourcewell vendor which the City is a member.

**STAFF RECOMMENDATION:**

Staff recommends approval of Resolution 23-151 to approve purchase of the Kubota Mini-X for a total cost of \$108,760.15.
