"Driver Safety" Matching Grant Program

August 2013

The TML Risk Management Pool is proud to announce the launch of the 6th annual **"Driver Safety" Matching Grant Program**.

OBJECTIVE: This driver safety grant program offers financial assistance to **Pool members with auto liability coverage** who provide driver safety training **for their employees, in various departments that are required to operate city/agency vehicles**. Because the training needs of each Pool member are different, various driver safety training methods and approaches are eligible for this grant, including, **but not limited to:** instructor lead training, DVD training, or computer based training.

PLEASE NOTE: *This grant may also be used to cover 100% of the cost of MVR checks (up to your entity's classification eligibility) through the Department of Safety. You must maintain evidence of MVR checks in your records, if requested, to show a paper trail and have an action plan in place for those MVR checks that come back to you with an adverse driving record.*
PLEASE CONTACT YOUR LC CONSULTANT FOR FURTHER DETAILS.

To help address this concern, The Pool offers this Driver Safety *Matching* Grant Program. The Pool will **reimburse up to 50%** of the cost of the **driver training related approved item(s)** with a maximum reimbursement based on the Priority Classification matrix rating. Please read this information in its entirety before filling out the application. PLEASE NOTE THAT THIS PROGRAM DOES NOT APPLY TO EMERGENCY VEHICLE OPERATIONS (EVO) TRAINING.

- Entity must be an existing Pool member and must currently have **auto liability coverage** with The Pool as of 6/30/13,
- Entity must be in good standing with The Pool **and in compliance with Loss Control recommendations**,
- If training is provided by an outside source, safety training must be conducted by a qualified driving instructor who meets the following minimum requirements:
 - (a) *Must be at least twenty-one (21) years of age, high school graduate or passed the GED, have and maintain a valid driver license that has not been revoked, suspended or cancelled for any reason in the three (3) years preceding the date of hire, no conviction for a felony or any crime involving violence, dishonesty, deceit, fraud, or indecency.*
 - (b) *Must have attended and successfully completed a Driver Safety Instructors School operated by AAA, National Safety Council or such other certified school approved by The Pool. A copy of the instructor's certificate of driver training completion must be included in the grant application along with the name, address, and telephone number of the school providing the certification. The instructor shall maintain a current certification.*

Grant Considerations:

Consideration of grants will be based on a variety of issues such as your risk management practices, loss experience, and availability of funding and submission date.

- 1) The primary consideration will be the available funding for a particular fiscal year. This funding level is established by The Pool's Board of Directors. For the fiscal year July 1, 2013 through June 30, 2014.
- 2) Priority will be given to risk exposures noted in loss control site surveys and recommendations and/or loss trends and a history of sound risk management practices.
- 3) When all criteria are equal, the grant committee will give first consideration to those members that did not receive a grant in the previous year(s). Final consideration will be the **SUBMISSION DATE** (date application is received by The Pool). **FIRST RECEIVED, FIRST AWARDED.**
- 4) Grant funding will depend on the matrix rating (*Priority Classification – see below*) assigned to a Pool member which assesses **earned auto liability premium** contribution and loss experience for the previous year. This process allows all members that might have high losses, but who are in compliance with sound risk management practices, to have equal consideration. You may **contact your loss control consultant to inquire about your classification or other question you may have.**
