Please state the reasons why you want to become a member of the Parks and Recreation Commission

I would like to play a part in the shaping of the parks in the Spring Hill area. As with many from the area, I recognize that we do not have enough parks for outdoor enjoyment in the area. I would like to be able to contribute to the direction that we go. I also find it increasingly important that I play a role in my community as a leader and a concerned citizen.

What special Interests/Skills/Talents would you bring to the Parks and Recreation Commission?

As a former athlete myself, I would definitely have a great interest in a position on the Parks and Recreation commission. I have spent my entire life participating in athletics. My father has spent his entire career as a parks and recreation employee, so I am aware of the responsibilities this commission would involve. I consider myself to have a "people person" type personality, and I am accustomed to dealing with the public on a day to day basis. Therefore, with my past athletic history and with my ability to be openminded in community involvement events, I feel I could contribute greatly in this role.

Played Collegiate Golf

Please state the reasons why you want to become a member of the Parks and Recreation Commission

I feel that I have the athletic knowledge and the family background to add a positive contribution to this position. I am anxious to take on a more active role now that my children are older, and I am willing to put in the time and patience this commitment may require.

Is there any other information that you feel would be useful in reviewing your application?
