STAFF MEMORANDUM

Our new radio system has been installed and up and working correctly. This leaves us with the old radio system. Although the system was working when removed, it is old and outdated.

We seek approval to sell the old radio equipment on Govdeals.com. This will include, but is not limited to, the two large desk consoles that sat in dispatch and ten (10) of the twelve (12) radios that were located in the rack in the radio room. We will save one (1) UHF and one (1) VHF radio as backup.

It is unsure who / if anyone will purchase this system due to the date on it. Our radio vender believes that there may be a company that may purchase it as spare parts as some of the pieces are not readily available anymore.

Thank you,

Brandi Smith
