

Parade Drop-offs

- Only vehicles that will be in the parade are allowed past the entrance of Evans Park.
- Participants may be dropped off at the nearby **park shelter**, or at the **Senior Center**.
- Vehicles dropping off participants must **turn onto Maury Hill St**. **Please do not back up traffic into the parade line-up**
- After dropping off participants, vehicles must leave the parade line-up area. They may exit Maury Hill St. to Beechcroft or Main Street until 4:30. Road closures will begin at 4:30.
- **No unattended minors**

Recommendations for groups with children being dropped off

- **Assign at least 2 chaperones to facilitate getting participants from the drop-off area to your group's spot in the parade line.**
 - **One chaperone stays at the chosen drop-off location to collect each child as they are dropped off**
 - **The other chaperone walks children in batches from the drop-off location to your group's spot in the parade line.**
- **Communicate clearly with all parents where your drop-off chaperones are stationed. (Ex: "Mrs. Stacy will be at a picnic table under the park shelter beside the playground. Mrs. Laura will walk each child from there over to our parade float.")**
- **If parents are walking in the parade with their child, the parent will also need to be dropped off. No vehicles that are not in the parade will be allowed in the line-up area.**
- **Communicate clearly with all parents that the parade does not loop back around to the starting location. All parade entries will be routed toward the Lowe's parking lot at the end of the parade.**
