Phase II Small Municipal Separate Storm Sewer System (MS4) Annual Report

1. MS4 Information

|                                                    |            |                                                  |
|----------------------------------------------------|------------|--------------------------------------------------|
| Name of MS4: City of Spring Hill                   |            | MS4 Permit Number: TNS 080055                    |
| Contact Person: Chris Dugan                        |            | Email Address: Cdugan@springhilltn.org           |
| Telephone: (931) 982-1830                          |            | MS4 Program Web Address: http://springhilltn.org |
| Mailing Address: P.O. Box 789/ 199Town Center Pkwy |            |                                                  |
| City: Spring Hill                                  | State: Tn. | ZIP code: 37174                                  |

What is the current population of your MS4? Aprox. 41,000

What is the reporting period for this annual report? July 1 2018 to June 30 2019

2. Discharges to Waterbodies with Unavailable Parameters or Exceptional Tennessee Waters (Section 3.1)

- A. Does your MS4 discharge into waters with unavailable parameters (previously referred to as impaired) for pathogens, nutrients, siltation or other parameters related to stormwater runoff from urbanized areas as listed on TN's most current 303(d) list and/or according to the on-line state GIS mapping tool ([tdeconline.tn.gov/dwr/](http://tdeconline.tn.gov/dwr/))? If yes, attach a list.  Yes  No
- B. Are there established and approved TMDLs (<http://www.tn.gov/environment/article/wrws-tennessees-total-maximum-daily-load-tmdl-program>) with waste load allocations for MS4 discharges in your jurisdiction? If yes, attach a list.  Yes  No
- C. Does your MS4 discharge to any Exceptional Tennessee Waters (ETWs - [http://environment-online.tn.gov:8080/pls/enf\\_reports/f?p=9034:34304:4880790061142](http://environment-online.tn.gov:8080/pls/enf_reports/f?p=9034:34304:4880790061142))? If yes, attach a list.  Yes  No
- D. Are you implementing specific Best Management Practices (BMPs) to control pollutant discharges to waterbodies with unavailable parameters or ETWs? If yes, describe the specific practices: 30'&60' Buffers, inlet protection bags, check dams and silt fence  Yes  No

3. Public Education/Outreach and Involvement/Participation (Sections 4.2.1 and 4.2.2)

- A. Have you developed a Public Information and Education plan (PIE)?  Yes  No
- B. Is your public education program targeting specific pollutants and sources, such as Hot Spots? If yes, describe the specific pollutants and/or sources targeted by your public education program: Urban Runoff, Siltation from Construction sites, Stream Buffers  Yes  No
- C. Do you have a webpage dedicated to your stormwater program? If yes, provide a link/URL: <https://www.springhilltn.org/202/MS4-Stormwater-Management>  Yes  No
- D. Summarize how you advertise and publicize your public education, outreach, involvement and participation opportunities: Website, Educational flyers (City Hall, Library), TNSA Facebook program
- E. Summarize the public education, outreach, involvement and participation activities you completed during this reporting period: Cash for Trash program, Touch a Truck event, HOA meetings

Phase II Small Municipal Separate Storm Sewer System (MS4) Annual Report

- F. Summarize any specific successful outcome(s) (e.g., citizen involvement, pollutant reduction, water quality improvement, etc.) fully or partially attributable to your public education and participation program during this reporting period: The Cash for Trash program had multiple participants which allowed the public to pick up trash and debris from the roadsides throughout the City. Educational flyers were handed out to all participants.

4. Illicit Discharge Detection and Elimination (Section 4.2.3)

- A. Have you developed and do you continue to update a storm sewer system map that shows the location of system outfalls where the municipal storm sewer system discharges into waters of the state or conveyances owned or operated by another MS4?  Yes  No
- B. If yes, does the map include inputs into the storm sewer collection system, such as the inlets, catch basins, drop structures or other defined contributing points to the sewershed of that outfall, and general direction of stormwater flow?  Yes  No
- C. How many outfalls have you identified in your storm sewer system? 270
- D. Do you have an ordinance, or other regulatory mechanism, that prohibits non-stormwater discharges into your storm sewer system?  Yes  No
- E. Have you implemented a plan to detect, identify and eliminate non-stormwater discharges, including illegal disposal, throughout the storm sewer system? If yes, provide a summary: Hot Spot inspections, The website allows citizens to report any illicit discharges  Yes  No
- F. How many illicit discharge related complaints were received this reporting period? 1
- G. How many illicit discharge investigations were performed this reporting period? 1
- H. Of those investigations performed, how many resulted in valid illicit discharges that were addressed and/or eliminated? 1

5. Construction Site Stormwater Runoff Pollutant Control (Section 4.2.4)

- A. Do you have an ordinance or other regulatory mechanism requiring:
- Construction site operators to implement appropriate erosion prevention and sediment control BMPs consistent with those described in the TDEC EPSC Handbook?  Yes  No
- Construction site operators to control wastes such as discarded building materials, concrete truck washout, chemicals, litter, and sanitary waste?  Yes  No
- Design storm and special conditions for unavailable parameters waters or Exceptional Tennessee Waters consistent with those of the current Tennessee Construction General Permit (TNR100000)?  Yes  No
- B. Do you have specific procedures for construction site plan (including erosion prevention and sediment BMPs) review and approval?  Yes  No
- C. Do you have sanctions to enforce compliance?  Yes  No
- D. Do you hold pre-construction meetings with operators of priority construction activities and inspect priority construction sites at least monthly?  Yes  No
- E. How many construction sites disturbing at least one acre or greater were active in your jurisdiction this reporting period? Average 45 per month

Phase II Small Municipal Separate Storm Sewer System (MS4) Annual Report

- F. How many active priority and non-priority construction sites were inspected this reporting period? Av. 25 priority, Av. 20 non-priority per month
- G. How many construction related complaints were received this reporting period? 17

6. Permanent Stormwater Management at New Development and Redevelopment Projects (Section 4.2.5)

- A. Do you have a regulatory mechanism (e.g. ordinance) requiring permanent stormwater pollutant removal for development and redevelopment projects? If no, have you submitted an Implementation Plan to the Division?  Yes  No  
 Yes  No
- B. Do you have an ordinance or other regulatory mechanism requiring:  
 Site plan review and approval of new and re-development projects?  Yes  No  
 A process to ensure stormwater control measures (SCMs) are properly installed and maintained?  Yes  No  
 Permanent water quality riparian buffers? If yes, specify requirements: 30' & 60'  Yes  No
- C. What is the threshold for development and redevelopment project plans plan review (e.g., all projects, projects disturbing greater than one acre, etc.)? We review all plans submitted
- D. How many development and redevelopment project plans were reviewed for this reporting period? 144
- E. How many development and redevelopment project plans were approved? 101
- F. How many permanent stormwater related complaints were received this reporting period? 15
- G. How many enforcement actions were taken to address improper installation or maintenance? 8
- H. Do you have a system to inventory and track the status of all public and private SCMs installed on development and redevelopment projects?  Yes  No
- I. Does your program include an off-site stormwater mitigation or payment into public stormwater fund? If yes, specify. \_\_\_\_\_  Yes  No

7. Stormwater Management for Municipal Operations (Section 4.2.6)

- A. As applicable, have stormwater related operation and maintenance plans that include information related to maintenance activities, schedules and the proper disposal of waste from structural and non-structural stormwater controls been developed and implemented at the following municipal operations:
- Streets, roads, highways?  Yes  No
- Municipal parking lots?  Yes  No
- Maintenance and storage yards?  Yes  No
- Fleet or maintenance shops with outdoor storage areas?  Yes  No
- Salt and storage locations?  Yes  No
- Snow disposal areas?  Yes  No
- Waste disposal, storage, and transfer stations?  Yes  No
- B. Do you have a training program for employees responsible for municipal operations at facilities within the jurisdiction that handle, generate and/or store materials which constitute a potential pollutant of concern for MS4s?  Yes  No

Phase II Small Municipal Separate Storm Sewer System (MS4) Annual Report

If yes, are new applicable employees trained within six months, and existing applicable employees trained and/or retrained within the permit term?  Yes  No

8. Reviewing and Updating Stormwater Management Programs (Section 4.4)

A. Describe any revisions to your program implemented during this reporting period including but not limited to:

Modifications or replacement of an ineffective activity/control measure. We are currently meeting all requirements; we have created several SOP for construction site inspections and municipal operations.

Changes to the program as required by the division to satisfy permit requirements. Updated the ERP and made revisions to Ordinance and Buffer Zone Policy to include updated language from the CGP.

Information (e.g. additional acreage, outfalls, BMPs) on newly annexed areas and any resulting updates to your program. Any site development on annexed lands must go before the planning commission and undergo MS4 department review including obtaining a NOC prior to any land disturbance.

B. In preparation for this annual report, have you performed an overall assessment of your stormwater management program effectiveness? If yes, summarize the assessment results, and any modifications and improvements scheduled to be implemented in the next reporting period. We are tracking metrics for all Public Information and Outreach Activities to evaluate effectiveness.

Yes  No

We have made language revisions to update our Ordinance (currently before the Board) to be in conformance with the latest CGP

We are currently meeting all minimum measures and no additional modifications are proposed at this time.

Phase II Small Municipal Separate Storm Sewer System (MS4) Annual Report

9. Enforcement Response Plan (Section 4.5)

- A. Have you implemented an enforcement response plan that includes progressive enforcement actions to address non-compliance, and allows the maximum penalties specified in TCA 68-221-1106? If no, explain. \_\_\_\_\_  Yes  No
- B. As applicable, identify which of the following types of enforcement actions (or their equivalent) were used during this reporting period; indicate the number of actions, the minimum measure (e.g., construction, illicit discharge, permanent stormwater management), and note those for which you do not have authority:

| <u>Action</u>                                         | <u>Construction</u> | <u>Permanent Stormwater</u> | <u>Illicit Discharge</u> | <u>In Your ERP?</u>                     |                             |
|-------------------------------------------------------|---------------------|-----------------------------|--------------------------|-----------------------------------------|-----------------------------|
| Verbal warnings                                       | # <u>100</u> <      | # <u>N/A</u>                | # <u>0</u>               | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| Written notices                                       | # <u>6</u>          | # <u>5</u>                  | # <u>1</u>               | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| Citations with administrative penalties               | # <u>0</u>          | # <u>0</u>                  | # <u>0</u>               | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| Stop work orders                                      | # <u>0</u>          | # <u>0</u>                  | # <u>0</u>               | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| Withholding of plan approvals or other authorizations | # <u>0</u>          | # <u>0</u>                  | # <u>0</u>               | <input checked="" type="checkbox"/> Yes | <input type="checkbox"/> No |
| Additional Measures                                   | # <u>0</u>          | # <u>0</u>                  | # <u>0</u>               | Describe: _____                         |                             |

- C. Do you track instances of non-compliance and related enforcement documentation?  Yes  No
- D. What were the most common types of non-compliance instances documented during this reporting period? Silt fence repair, sediment in the streets

10. Monitoring, Recordkeeping and reporting (Section 5)

- A. Summarize any analytical monitoring activities (e.g., planning, collection, evaluation of results) performed during this reporting period. 0
- B. Summarize any non-analytical monitoring activities (e.g., planning, collection, evaluation of results) performed during this reporting period. 0
- C. If applicable, are monitoring records for activities performed during this reporting period submitted with this report.  Yes  No

11. Certification

Phase II Small Municipal Separate Storm Sewer System (MS4) Annual Report

This report must be signed by a ranking elected official or by a duly authorized representative of that person. See signatory requirements in sub-part 6.7.2 of the permit.

*"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."*
