SUBJECT: Resolution to authorize the purchase of a Petersen Freightliner knuckleboom truck through Sourcewell

STAFF MEMORANDUM

The City of Spring Hill's Public Works department requests to purchase a new Petersen TL-3 Freightliner knuckleboom truck through Sourcewell. Sourcewell (formerly NJPA) is a cooperative purchasing company that allows members to purchase products from approved vendors. Approved vendors are selected through a competitive bid process and then awarded contracts with Sourcewell. The City is a member as approved by the Board of Mayor and Aldermen with Resolution 19-80.

Sourcewell has a contract with Petersen brand (Contract No. 041217-P11) that would allow the City to purchase a new TL-3 Freightliner knuckleboom truck from CMI Equipment Sales, Inc. who is a distributor of Petersen trucks. All existing knuckleboom trucks currently in service at Public Works are Freightliner brand. By purchasing the same, parts would be interchangeable as well as the knowledge of Freightliner trucks by our City mechanics for future repairs. CMI currently has two trucks available in stock that meet the requirements and needs requested for this new purchase. If the truck is purchased through the Sourcewell contract, the City would be able to forgo the process and time required for an Invitation to Bid and receive the new truck in a more timely manner. As the City continues to grow, the service offered for brush removal and large item pickup has increased as well. The new truck will be put in service as soon as it is received, thus increasing the pickup rate for citizens.

The purchase price of a new Petersen TL-3 Freightliner knuckleboom truck from CMI Equipment Sales, Inc. is **\$148,923.56**. Comparable pricing if not purchased through the Sourcewell contract is \$165,000-\$175,000. This purchase is budgeted in FY21 under the Sanitation fund (210-43200-943) with an available budget of \$150,000.00.

Staff recommends approval of this resolution.
