

RESOLUTION 20-156

**A RESOLUTION TO AUTHORIZE THE PURCHASE OF A MINI SKID STEER
THROUGH SOURCEWELL**

WHEREAS, the City of Spring Hill desires to purchase a new mini skid steer with attachments that will be used to repair yards damaged by service line leak repairs in the Water Distribution department; and

WHEREAS, the City is a member of Sourcewell (formerly NJPA) as approved by Resolution 19-80 which allows members to purchase products through cooperative purchasing with approved vendors; and

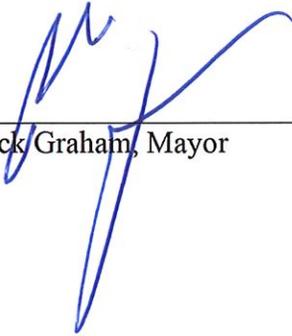

WHEREAS, The Charles Machine Works is an approved vendor of Sourcewell through Ditch Witch of Tennessee under Contract No. 012418-CMW; and

WHEREAS, the City has the opportunity to purchase the mini skid steer at a purchase price of \$33,157.11 from Ditch Witch of Tennessee under The Charles Machine Works Sourcewell contract; and

WHEREAS, funding for the purchase of an equipment trailer is budgeted in the 2020-2021 budget year in the Water Distribution fund budget as savings on the contract for acoustic leak detection services.

NOW, THEREFORE BE IT RESOLVED, that the City of Spring Hill Board of Mayor and Aldermen, authorize the purchase of a mini skid steer with attachments through Sourcewell from Ditch Witch of Tennessee at a price of \$33,157.11.

Passed and Adopted by the Board of Mayor and Aldermen of the City of Spring Hill, Tennessee on the 16th day of November, 2020.

Rick Graham, Mayor

ATTEST:

April Goad, City Recorder

LEGAL FORM APPROVED:

Patrick Carter, City Attorney

REQUEST: *Approval of Resolution 20-156*
SUBMITTED BY: T.C. Norman, Water Distribution Superintendent
DATE: October 19, 2020
RE: To authorize the purchase of a mini skid steer through Sourcewell
ATTACHMENTS: The Charles Machine Works Sourcewell contract, price quote and product images

PURPOSE:

The purpose of this resolution is to authorize the Water Distribution department to purchase a mini skid steer with attachments through Sourcewell.

BACKGROUND:

The City of Spring Hill contracted American Leak Detection, Inc. to perform an acoustic leak detection survey that was budgeted in FY 20/21 with a total budget of \$97,500.00. Contract bid price was \$52,675.00, leaving an available balance of \$44,825.00. Staff requested to use this balance to purchase equipment and supplies to expedite the leak repairs found by the survey at BOMA work session on October 5, 2020. Based on the approval given, Resolution 20-156 is presented to authorize a mini skid steer with attachments that will be beneficial in repairing yards that are damaged in the process of the repairs to be purchased through Ditch Witch of Tennessee, an authorized vendor of The Charles Machine Works' Sourcewell contract #012418-CMW with a purchase price of \$33,157.11.

Available funds of \$44,825.00 will be allocated as follows:

- \$33,200.00 – Purchase of mini skid steer with attachments
- \$ 4,150.00 – Purchase of an enclosed trailer for tools and parts
- \$ 2,300.00 – Purchase of a flat-bed trailer to haul mini skid steer
- \$ 5,175.00 – Operational expenses (pullers, cables, parts, etc.)

FINANCIAL IMPACT:

The purchase of the trailer would be expensed from the Water Distribution fund (410-52100-942) a total purchase price of \$33,157.11, utilizing savings from the leak detection survey budgeted amount.

STAFF RECOMMENDATION:

Staff recommends approval of Resolution 20-156 to authorize the purchase of a mini skid steer through Sourcewell.

SK800

STAND-ON SKID STEER

SK800

When your jobsites demand long-lasting durability and performance, you need the Ditch Witch® SK800—the perfect mini skid steer for a variety of jobs large and small. This construction-grade machine is built for heavy-duty operation on a range of utility, landscaping and other underground construction tasks, giving you maximum power and durability while increasing your ROI. The toughest challenges are no match for the versatile SK800.

1 Features 911-lb rated operating capacity and 83-inch hinge-pin height for construction-grade power and durability on the job.

2 Accepts a broad array of compatible attachments to bring more versatility to each and every job.

3 Rugged and sturdy design is engineered to improve machine life, longevity and overall ROI.

4 Low-maintenance, track-tensioning system comes fully equipped with a grease cylinder for easy adjustment and track removal, minimizing downtime.

5 Efficient, low-maintenance Kubota® diesel engine provides maximum power to all machine functions for increased performance.

6 Ergonomic operator's station provides standard dual-lever ground drive controls for better mobility on difficult terrain.

Ditch Witch
SK800

7 Innovative high-drive track system features bolt-on sprockets and wide track rollers for greater traction and stability in all conditions.

SK800 ATTACHMENTS

The Ditch Witch® organization offers a full line of quick-change attachments compatible with the SK800 Mini Skid Steer. Visit the SK800 product page on ditchwitch.com to use our interactive attachment selector, or ask your Ditch Witch dealer about additional attachment options.
