5. The **deadline** for us to receive your application and close this program is Friday, August 20, 2021 (close of business). Grant notifications will be distributed the week of September 8, 2021.
6. Only ONE grant application may be approved for each town/city/agency during any given FISCAL YEAR. You may not "roll-over" an application from one fiscal year to another.
7. If approved for a grant, your proof of payment for expenditures must be received in this office by April 1, 2022, or your grant money WILL be awarded to the next "pending" member's application.

PLEASE NOTE: The funding for this program is limited and is time-sensitive. It is important that you are diligent in filing for reimbursement. Members who continue to submit late reimbursement receipts may jeopardize their eligibility to receive a grant the following fiscal year. Please do not delay and plan ahead to submit reimbursement items as soon as the Approval Notification letter is received.

GRANT CONSIDERATIONS: Consideration of grants will be based on a variety of issues, such as your entity's risk management practices, loss experience, and availability of funding and submission date.

1. The primary consideration will be the amount of available funding for the fiscal year.
2. Priority will be given to risk exposures noted in the loss control site surveys, recommendations and/or loss trends, and a history of sound risk management practices.

Grant funding will depend on the matrix rating (*Priority Classification*) assigned to a member which assesses the workers' compensation **earned premium** contribution and loss experience for the **previous year**. This process allows all members that might have high losses, but who are in compliance with sound risk management practices, to have equal consideration. Your earned premium from the previous year is available after July 5, 2021, at which time you may call to inquire about your classification.

If you need to know about your classification or if you have additional questions, please contact:
