RE: Purchase of a Cat 301.7 with 16-inch bucket, 12 inch bucket, hydraulic thumb attachment, manual quick coupler, and 5-year warranty from Thompson Cat through Sourcewell

ATTACHMENTS: Resolution 21-117 Cat, Cost estimate

PURPOSE:

The Parks and Recreation Department is in need of a mini excavator for the maintenance of the current city parks.

BACKGROUND:

A mini-ex is now a necessary item we need in our maintenance fleet of equipment. We have multiple areas where a mini-ex is needed such as the drain lines in the Fischer Park parking lot, tree maintenance and landscaping, loading of dirt and mulch for park maintenance, and many other things that we could do ourselves rather than hire out simply because we don't have the equipment. Currently the Parks and Rec department has to try and borrow the Public Works mini-ex. PW is always happy to let us borrow it when they can but their mini-ex is in use quite often which causes us to have to rent one or hire the work done.

The projected cost of \$35,000.00 was included in the staff recommendations for FY '21/'22 budget. The Board of Mayor and Alderman approved that expense in the budget effective July 1 2021. Since the initial inquiry, Thompson Cat has lowered the cost estimate due to our membership with Sourcewell which will allow us to get a few of the attachments needed to cover the majority of the uses we have. The excavator, 3 attachments, and a 5-year warranty comes in under budget at \$33,622.00.

FINANCIAL IMPACT:

\$33,622.00

STAFF RECOMMENDATION:

Staff recommends approval of Resolution 21-117.

ACTION REQUIRED (INCLUDE DEADLINE /PRIORITY):

BOMA Approval. This is a high priority item as we continue to make repairs from flood damage, need to clean out silt in drainage ditches prior to the fall rains, and daily landscaping/park maintenance throughout the summer.
